Arrival & Giraffe Manor

NAIROBI

A late-evening arrival into Nairobi, met with privilege. At Jomo Kenyatta International Airport you are personally welcomed and fast-tracked through formalities with dedicated VIP assistance, then transferred by private vehicle to the iconic Giraffe Manor — a 40-minute drive into one of the world's most exclusive boutique hotels.

Set within 140 acres of forested sanctuary, the manor is home to a resident herd of endangered Rothschild giraffes. At breakfast and afternoon tea they often lean through the windows — one of Africa's most unforgettable wildlife encounters.

DAY TWO

David Sheldrick Wildlife Trust

NAIROBI

A morning with Kenya's most beloved conservation story. Collected at 9:30 am, you travel to the David Sheldrick Wildlife Trust, where orphaned elephants are lovingly rehabilitated before their return to the wild.

Your visit is timed for the single daily hour — from 11 am — when the orphans come in for their midday milk feed and mud bath, the only window the public is permitted to share. You then return to Giraffe Manor for afternoon tea, with the evening at leisure and fine dining in the manor's elegant dining room.

In the afternoon, a private boat safari glides across glass-like waters before a guided walking safari on Crescent Island, where you move freely on foot among giraffe and zebra — at once exhilarating and serene.
